

Memo of Agreement Regarding Articulation
Between University College of Penn State University and
Westmoreland County Community College

PURPOSE

The Pennsylvania State University, on behalf of the University College for Penn State Beaver, Penn State Brandywine, Penn State DuBois, Penn State Fayette, Penn State Greater Allegheny, Penn State Hazleton, Penn State Lehigh Valley, Penn State Mont Alto, Penn State New Kensington, Penn State Schuylkill, Penn State Shenango, Penn State Wilkes-Barre, Penn State Worthington Scranton and Penn State York and Westmoreland County Community College establish this Memorandum of Agreement. The purpose of the agreement is to provide a pathway for students who have successfully completed a transfer associate degree program at Westmoreland County Community College to transition to a parallel baccalaureate degree program at the Penn State University College Commonwealth campuses. The agreement defines admission criteria and processes, evaluation of transfer credits and academic advising services to support students in their transition from Westmoreland County Community College to the Penn State University College Commonwealth campuses.

PROCEDURES

A. Admissions Requirements

Students apply to Penn State by submitting the Penn State undergraduate admissions application and official transcripts from high school, Westmoreland County Community College and any other colleges or universities attended. The admissions application fee will be waived.

Students must complete an AA or AS transfer degree program, be in good standing, free of probation, and have a minimum grade-point average of 2.00 to be eligible for admission to a University College Commonwealth campus. Criteria for transfer admission may also include successful completion of specific course requirements.

GPA is calculated from all attempted and completed courses from Westmoreland County Community College and from all colleges/universities previously attended. The GPA will be calculated using all courses and grades, including repeated courses.

The Penn State majors included in terms of the agreement are the Bachelor of Arts and Bachelor of Science in Administration of Justice (AJSCC), Bachelor of Science in Business (BSBCC); Bachelor of Arts in Communications (COMCC), Bachelor of Arts in English (ENGCC); Bachelor of Science in Human Development and Family Studies (HFSCC); Bachelor of Arts in Letters, Arts and Sciences (LASCC); Bachelor of Science in Information Sciences and Technology (ISSCC) and the Bachelor of Arts and Bachelor of Science in Psychology (PYACC/PYSCC). In addition, the agreement will include specific program-to-

program articulation the RN to BS in Nursing (NURN), authorized for delivery by the College of Nursing at Fayette, New Kensington and Shenango. All programs are not delivered at every campus.

Majors not specified above, including majors at other Penn State college and campuses are not covered by the terms of this agreement. Therefore, students admitted under this agreement who seek to enter a major at another Penn State college/campus, would be evaluated based on the advanced standing admissions criteria of that college and campus.

B. Evaluation of Transfer Credits

Westmoreland County Community College courses, evaluated as equivalent to Penn State courses or approved as general credit within a discipline; and, transferred with grades of C or higher, will be added to the student's Penn State academic transcript by the Office of Undergraduate Admissions.

Transferability of courses not specified in the attached guides will be reviewed by the Office of Undergraduate Admissions on a case-by-case basis.

Program-to-program transfer guides outlining the specific course equivalencies and approved substitutions for each academic program are included in the agreement. The guides were developed in consultation with Westmoreland County Community College and University College disciplinary faculty, and were subsequently approved by the University College Associate Dean for Academic Programs. Transferability of courses not specified in the attached guides will be reviewed by the University College on a case-by-case basis and according to the evaluations maintained by the University Undergraduate Admissions transfer equivalency tables recorded in the student information system.

Curriculum transfer guides, in effect at the time a student first enrolls at Westmoreland County Community College, will be honored for students who complete an AA or AS degree program and successfully transfers to a Penn State University College campus within four years of their first enrollment at Westmoreland County Community College.

Credit evaluation for other prior learning activity, for example military educational experience and credit by portfolio will be assessed according to Penn State policy and through the process established by the University College.

C. Academic Advising and Transition

Penn State and Westmoreland County Community College will maintain course equivalency information on their respective websites and admissions and course articulation information will be made available to students through the transfer advising services at Westmoreland County Community College.

The Penn State Commonwealth campuses will offer an academic orientation to transferring students for the purpose of providing academic advising, and orientation to academic and technology resources, student life and career services, and financial aid and billing information.

D. Update/Report/Relationship

Penn State and Westmoreland County Community College agree to review the agreement and relevant transfer course equivalencies annually and will each assign an individual to serve as liaison for the purpose of monitoring this agreement. Westmoreland County Community College will notify the Penn State Commonwealth campus liaison upon any modification of curriculum that could impact the articulation of equivalent courses or the requirements of Westmoreland County Community College associate programs. The liaisons will notify the partner liaison of any modifications of curriculum that could impact articulation of equivalent courses or the requirements of the Westmoreland County Community College associate programs or the Penn State baccalaureate programs. This agreement may be amended, as needed, for specific course or program articulation without affecting the currency of the master agreement.

E. Amendments and Term of Effect

This document constitutes the entire agreement and terms of understanding between Penn State on behalf of the University College Commonwealth campuses and Westmoreland County Community College, and supersedes any other prior agreements or understandings between the two parties.

The master agreement will be reviewed every five years by both parties and will be revised as necessary. For renewal, all revisions are to be approved by each institution's official signatories.

This master agreement may be terminated by either party upon written notice to the other party of an intention to terminate. Such notice will be effective only if given 180 days prior to the intended date of termination. In the event that this agreement is terminated, curriculum transfer guides, in effect at the time a student first enrolls at Westmoreland County Community College, will be honored for students who complete an AA or AS degree program and successfully transfers to a UC campus within four years of their first enrollment at Westmoreland County Community College. All other terms of the agreement contained herein will remain in effect for the maximum of two years

* Entrance to major requires PSU MATH 22 or higher. WCCC students would need to complete WCCC BUS 250, which substitutes for PSU MATH 110, or WCCC MTH 158 or higher.

** STAT 200 is a 4-credit requirement at Penn State. University College will substitute BUS 244 for STAT 200, but students will be required to complete 1 additional credits of electives.

Penn State requires three credits of International Cultures (IL) and three credits of United States Cultures (US). The two courses that fulfill the IL and US requirements can also be used to fulfill General Education Arts, Humanities or Social Science requirements.

Penn State requires two units in a single world language other than English. A student may be admitted with fewer than two units in a world language other than English, but must correct this deficiency by the time s/he earns 60 credits or graduates from Penn State, whichever comes first. This deficiency may be corrected by passing one three- or four-credit college level world language course or by demonstrating proficiency equivalent to two units of high school world language study.

Entrance to major requires PSU, IST 110, 210 and 220, in addition to high school trig or higher. WCCC students with following courses will be admitted to pre-major status: CPT 145, CPT 171, and MTH 158 or higher, sentence, which will satisfy all entrance to major requirements except PSU's IST 210. Students can then enter the IST major following completion of the IST 210 at Penn State.

Penn State requires three credits of International Cultures (IL) and three credits of United States Cultures (US). The two courses that fulfill the IL and US requirements can also be used to fulfill General Education Arts, Humanities or Social Science requirements.

Penn State requires two units in a single world language other than English. A student may be admitted with fewer than two units in a world language other than English, but must correct this deficiency by the time s/he earns 60 credits or graduates from Penn State, whichever comes first. This deficiency may be corrected by passing one three- or four-credit college level world language course or by demonstrating proficiency equivalent to two units of high school world language study.

Penn State requires three credits of International Cultures (IL) and three credits of United States Cultures (US). The two courses that fulfill the IL and US requirements can also be used to fulfill General Education Arts, Humanities or Social Science requirements.

Penn State requires two units in a single world language other than English. A student may be admitted with fewer than two units in a world language other than English, but must correct this deficiency by the time s/he earns 60 credits or graduates from Penn State, whichever comes first. This deficiency may be corrected by passing one three- or four-credit college level world language course or by demonstrating proficiency equivalent to two units of high school world language study.

**In order to be eligible for entrance to the major, the student must submit a proposal. In consultation with an LAS adviser, the student formulates a proposal designing a program that investigates a theme from the viewpoint of at least three different subject areas. Students may not duplicate existing majors from any academic area. An important standard for entrance to the Letters, Arts, and Sciences major is the student's ability to design a program with academic integrity worthy of a bachelor of arts degree.*

Penn State requires three credits of International Cultures (IL) and three credits of United States Cultures (US). The two courses that fulfill the IL and US requirements can also be used to fulfill General Education Arts, Humanities or Social Science requirements.

Penn State requires two units in a single world language other than English. A student may be admitted with fewer than two units in a world language other than English, but must correct this deficiency by the time s/he earns 60 credits or graduates from Penn State, whichever comes first. This deficiency may be corrected by passing one three- or four-credit college level world language course or by demonstrating proficiency equivalent to two units of high school world language study.
